

Presents

Risk Management & Patient Safety in the Medical Office

June 19, 2019 * 12:00 Noon – 1:30 p.m.

Hilton Garden Inn - 1702 Gornito Drive, Valdosta, Georgia 31601

Join us for an informative session covering the following topics:

- Recognize key factors that drive medical liability claims
- Identify the situations most likely to negatively affect patient care and safety
- Understand common risk management issues in the outpatient setting including communication, follow up and coordination
- Apply risk reduction strategies to improve patient safety and minimize liability risks

Deborah Wexler, RN, MPA, ARM, CPHRM - Senior Risk and Patient Safety Consultant and Preserve Program Administrator

Deborah (Debbie) Wexler serves MagMutual providing risk and patient safety services and consulting to hospitals, healthcare facilities, physicians, and their office team. Debbie specifically conducts risk management interventions, educational programs, and direct consultation to assist with loss/claims prevention and specific patient safety strategies. Debbie has over 20 years of healthcare risk management and hospital supervisory experience including resolution of patient complaints, claims management, staff education
